VIOLATORS FIND A LOOPHOLE IN THE REVIVAL OF OLD CLUB CHARTERS-THE

POLICE POWERLESS Another Sunday under the amended Raines law demonstrates beyond any shadow of doubt that the new law is a dismal and mirth-provoking failure mirth-provoking for the saloon men and dismal for on the Sabbath Day. The country statesmen who have predicted that the law would compel New-Yorkers to go thirsty on Sunday or seek other more congenial climes are, like the doughty Douglas, de-The ability of a saloonkeeper to misconstruction a law and convince those whose duty it is to en-force it that his construction is right would open the eyes of even those country statesmen who make laws to meet conditions they are thoroughly unfamiliar with and prevail upon a Legislature to adopt them as the condensed wisdom of a Solon. The police have worked manfully to carry out the law, and they refuse to be held responsible for the evasions, and admit that they are powerless.

It is safe to say that New-York, under the broadwetter than it was yesterday. The first Sunday under the new law was comparatively dry, the secand less so, and yesterday all restrictions seemed to have been swept away. The saloon men, after due to crawl, and they have made wondrous use of the knowledge. Nearly all of the old Raines law hotels were open yesterday, as in former days, and many

were open yesterday, as in former days, and many saloonkeepers revived old clubs, with charters dating prior to May 23, 1857, and under the guise of running a club kept open house.

"Silver Dollar" Smith's "Young Men's Cosmopolitan Club," situated in Smith's saloon; "The Gramercy Club," in the notorious Newmarket Dance Hall, and other like clubs had a notable recruit in the Broadway Garden yesterday. This place, which has been the scene of several raids by the police, and is the gathering place of many of the worst elements in the city, by some means managed to revive an old club with a sufficiently ancient license, and, like the other places, was open yesterday. A sign hanging over the cashier's desk announced that applications for membership in the club would be received by the cashier, who, it was learned, was also secretary and treasurer of the club. All along the Bowery, up in Harlem, over on the West Side and over the city generally Raines law hotels and "fake" clubs prospered mightily. The saloon men are made bolder by the action of the city magistrates in cases that have come before them. The magistrates, in nearly every instance, have practically acknowledged that the new law is a puzzle to them, and have shifted the responsibility by holding the persons accused of violations for Special Sessions.

RAINES LAW RECEIPTS. THE CITIES PAYING MORE AND THE COUNTRY

DISTRICTS LESS THAN LAST YEAR.

Albany, May 16.-The reports of county treasurers to Excise Commissioner Lyman, pursuant to an order of the office for reports of excise receipts the sums received from cities and slight decreases in small counties, where no license was voted in many towns. Of the total of \$9,153,648 54 collected

up to May 10, New-York City alone reports collections aggregating \$5,171,075, or more than one-half of the total. This is an increase over last year of \$172,165, with the chances of much more being collected during the month. Kings County has collected \$2,206,335, or \$45,834 more than the entire collections in that county last year. Onondaga County collects \$234,520, or \$12,380 more than last year; Monroe County has so far collected \$254,910, or \$6,000 more than in 1896; Oneida County, with a total thus far of \$123,850, shows an increase over last year of \$2,100; Albany County, with \$257,000 so far, shows an increase of \$7,000 over last year, and Rensselaer County shows a decrease of \$5,000 in receipts.

Rensselaer County shows a decrease of \$3,000 in receipts.

In Otsego County there is a decrease, forty-seven less licenses being issued this year than in 1896. In Wyoming County there is a falling off of about \$2,250 in accordance with the vote for no license in many towns. In Delaware County there is a slight increase. Adding to the collections so far in Kings and New-York, the estimated receipts in the district annexed under the Greater New-York charter, that territory pays into the State treasury more than two-thirds of the entire receipts. Delaware County, one of the largest counties in the State, reports a total collection of only \$8,145.

THE REV. JOHN M'NEILL'S SERMON. The last but one of the series of revival meetings conducted by the Rev. John McNeill, the Scotch evangelist, was held in Carnegie Hall yesterday afternoon. Every seat in the big auditorium was occupied when the services began, at 4 o'clock. For the first time since the beginning of the Moody and

occupied when the services began, at 4 o'clock. For the first time since the beginning of the Moody and Sankey revival meetings, three months ago, the Rev. Dr. MacArthur was present yesterday. At the request of the Rev. A. C. Dixon, Dr. MacArthur opened the meeting with prayer. Mr. McNeill preached on the story of Shammah. "Shammah," he said, "in defending a plot of lentis against a marauding horde of Philistines, put down his foot firmly, while his countrymen fied for safety. They all ran but Shammah, who was filled with the spirit of God. His fleeing countrymen, hearing the loud groans of the dying marauders, looked back, and to their chagrin saw Shammah still fighting on to victory in the midst of the fray. "That is the way to teach things, and not according to theological fashion. It would seem as if God Almighty was tired of seeing His people running when they should have stood like Shammah and thrown off the yoke of oppression. Your life today bears in its present position and future prospects no more proportion to what it might have been than a plot of ientils bears to a fertile, broad acre field.

"Ruined by drink, as you might have been, put down your foot and stand in the midst of the howling wreck, and God will stand by you, as He stood by Shammah. With Him you can change your Waterloo into victory. To-day is the day of salvation."

An invitation was received from the Progressive Democratic Council for the Central Labor Union to send delegates to its convention. The C. L. U. refused to take any action in the matter, and the invitation was assigned to oblivion.

A BIG FINANCIAL SCHEME.

CONGRESS TO BE ASKED TO CHARTER AN INSTITUTION ON THE LINES OF THE FRENCH CREDIT FONCIER.

In the course of the next ten days Congress will be asked to grant a charter to a great financial institution which it is proposed to establish in this country. John R. Dos Passos, the we'l-known lawyer, has drawn up the charter, which provides for the promotion of a credit company, to be con-ducted upon plans similar to those of the Credit Foncier of France. If it succeeds, however, the American project, both in its capital and the scope of its operations, will surpass the famous French in-stitution. The Loan and Mortgage Bank Company of the United States, as the company is to be called, will have a capital of \$100,000,000, divided into shares of \$10 each. The prime purpose of the scheme is to lend money to farmers upon mortgage at a much

In addition, the charter will authorize the company institution proposes to loan money to farmers in any terest. The money is to be repaid in quarterly instalments, which may, if the borrower wishes, be spread over a period of seventy-five years, but he has the privilege of redemption at any time.

The quarterly payments will represent not only one-fourth of the annual interest due, but a small sum, amounting to eighty-five-one-hundredths of one which will go into the sinking fund to pay off the principal of the debt, so that when the quarterly payments have all been made the debt will have been extinguished. The company will be permitted to lend up to 50 per cent of the valuation of the land mortgaged. The borrower, however, will not reccive a money consideration for his mortgage. In-stead, he will get a bond issued by the company, bearing 3.65 per cent interest. To get money he will have to dispose of this bond, but as it is expected that the bonds will sell at a premium, the extra

interest the farmer will have to pay. terday George Warner, delegate of the International Machinists' Unior, declared that some action should be taken at once, so that, if the city permitted the Metropolitan Street Railway Company to change its motive power in Sixth and Eighth aves., the company should engage the unemployed men in this city to do the work. This action was necessary, or else Italians would certainly be imported here.

It was resolved that the committee which has charge of the matter shall call upon the city officials and take what other action it may deem necessary.

Delegate Reid moved that the secretary be instructed to write to Governor Black, requesting him to sign the Inheritance Tax bill.

That is the maximum allotment that will be made to any one individual. The plan is one that must stand or fall upon its own merits. It needs no support from banking or financial interests. The Loan and Mortgage Bank Company is to be essentially a company of the people."

Colonel J. E. Bloom, a lawyer of this city, who was one of the founders of the Wage Earners' Patriotic League, which did excellent work in the cause of honest money last fall, says that Mr. Dos Passos's plan is similar to one which he wrote about recently, and of which he spoke to several Government officials. Colonel Bloom also says that the Democratic Honest Money League, of which he is an officer, some weeks ago appointed a committee to investigate the subject, and that General Lloyd Bryce, one of its Executive Committee, who is now abroad, will investigate the subject there and its practical workings.

SUICIDE IN THE PARK.

Park Policeman Cain found a man, apparently ill, on the walk south of the Arsenal in Central Park, opposite East Sixty-third-st., about 9:30 o'clock yesterday morning, and summoned an ambulance from the Presbyterian Hospital. Before its arrival the man died. The surgeon said he had probably drunk some of the contents of a fournad proposity grunk some of the contents of a four-ounce bottle containing chloride of potassium, which was found in his coat pocket. The body was identified at the Morgue as that of James Palen, of No. 239 East Fifty-first-st. It is not known why he killed himself.

After her death Mrs, Herrmann took the body to New-York, and had it photographed. She also had a blue plush casket made for the animal. Professor Leon Herrmann was director of the funeral. The dog was buried in the grounds of the Herrmann place. Its grave was marked with lilies of the valley.

The intention was adhered to yesterday when not more than half the men of the company took part in the parade. Captain O'Connor, who is himself a Roman Catholic, and whose sympathies are said to be on the side of those who oppose the retention of Dr. Peters as chaplain of the regiment, was present, in command of Campany A. Dr. Peters preached a purely theological sermon, and did not, by inference or otherwise, make reference to the controversy that is agitating the regiment.

POSTOFFICE ROBBERS USE DYNAMITE. Albany, May 16.-The United States Superintendent of Mails in this city warns all persons to be ware of accepting postoffice money-order blanks numbered between 362 and 400. They were stolen from the postoffice of Slingerlands, near this city, at an early hour this morning, together with \$300 in stamps of various denominations, ranging from one cent to ten cents. The robbers, supposed to be the same gang that operated successfully at Coeymans a short time since, blew open the safe with dynamite cartridges. The explosion broke nine lights of glass, but does not seem to have awakened the village, for the robbers made their escape without trouble.

Remember that one is especially liable to contract a bad cold or chill at this season of the year. A cough or a cold contracted between the scasons is the most annoying kind, and may last

through the summer. To make the home happy, keep the health secure. Poverty may come, but it can be endured if the health remains.

No health was ever maintained without as arce. Health, like the body, must be supported. But do not make a mistake and do it foolishly. If you feel a cough or a cold coming on take a drink of pure whiskey at once. It will keep the blood in circulation, and is the best preventive

against the diseases of the season. Remember that only pure whiskey should be taken. Duffy's Pure Malt Whiskey has the strongest recommendations from the leading scientists and medical men. It is the only standard medicinal whiskey. Take no other from your druggist.

CONSECRATED BY CARDINAL GIBBONS.

DR. EDWARD P. ALLEN MADE BISHOP OF MO-BILE, ALA.

Baltimore, May 16 .- The Very Rev. Dr. Edward P. Allen, recently appointed Bishop of Mobile, Ala., was consecrated at the Cathedral here this morning. Cardinal Gibbons, as consecrator and cele-brant of the postifical mass, was assisted by Bishops Edward Fitzgerald, of Little Rock, Ark., and Matthew Harkins, of Providence, the assistant priest being the Rev. Hugh Roe O'Donnell, of Boston. Bishop Allen was attended by Archbishope Ryan, of Philadelphia, and Elder, of Cincinnati, and Bishops McGovern, of Harrisburg; Northrop, of Charleston; Hoban, of Scranton; Monaghan, of Wilmington, Del., and Donahue, of Wheeling, W. Va. The sermon was preached by the Rev. Dr. Philip J. Garrigan, of the Catholic University,

Washington.
The Cathedral and its neighboring streets were The Cathedral and its neighboring streets were thronged with interested spectators. A procession, consisting of the officiating clergy and seminarians, formed at the archiepiscopal residence and proceeded slowly along the crowded street to the main entrance of the Cathedral. Besides the clergymen named there were in line 250 seminarians from St. Mary's Seminary, Baltimore; forty seminarians and the alumni and graduating class of Mount St. Mary's College, Emmittsburg, where Bishop Allen has been for ten years. In addition to these there were seventy-five priests and a host of sanctuary boys.

Bishop Allen is forty-five years old, and was born at Tewksbury, Mass. With the exception of three years spent in the diocese of Boston, his duties have been those of president of Mount St. Mary's College, Emmitsburg, Md., and under his guidance the affairs of that institution have prospered.
